Tim Daniels (Secretary) recording minutes.

Updates from the Regional Depository at UGA:

Valerie Glenn the new Head of the Map and Government Information Library at the University of Georgia explained that she was getting settled in her new position. Some of the early projects she will be examining are managing the FDLP exchange and exploring the ASERL Disposition list. She was not sure of the status of the bill to modernize the FDLP and knew that filling the position of the Head of the GPO was on hold. Valerie also remarked that it was her understanding that the material from 2020 Census would be housed on the Census web site.

Thomas noted that the changes to the GIIG Bi-Laws and the GLA Constitution discussed at the Government Information Interest Group (GIIG) meeting at the Georgia Libraries Conference Thursday, October 4, 2018 had passed.

The group brainstormed possible programs at GUGM and GLC.

Meeting adjourned at 11:30 AM.
