This Constitution may also be amended with a vote held by virtual means then in common use by the Association. Approval of an amendment requires a simple majority of those voting within a ~~30~~ 20-day voting period.

Section 2. Bylaws

Bylaws may also be amended with a vote held by virtual means then in common use by the Association. Approval of an amendment requires a simple majority of those voting within a ~~30~~ 20-day voting period.

Rationale

Rationale - the election period for the general election is 20 days. Since we often include Constitution or Bylaws changes on the general ballot, the time periods should match.
